

AISHWARYA NAGCHANDI

NMIMS MBATech Class of 2027
Major: Finance Minor: Business Intelligence & Analytics
Engineering Stream: Data Science

✉ aishwaryanagchandi84@gmail.com 🌐 aishwaryanagchandi.com 📍 Mumbai, India/Bhopal, India

EDUCATION

Qualification	Institute	Board/University	%/GPA	Year
MBA Tech	MPSTME, NMIMS, Mumbai	NMIMS	3.49/4	Currently Pursuing (graduating 2027)
BTech (Data Science)	MPSTME, NMIMS, Mumbai	NMIMS	3.49/4	Currently Pursuing (graduating 2027)
XII	Rajiv Gandhi Hr. Sec. School, Bhopal	CBSE	70.2	2022
X	Carmel Convent Sr. Sec. School, Bhopal	CBSE	78.6	2020

SUMMER INTERNSHIPS

Dow Chemicals Pvt. Ltd., Navi Mumbai | May, 2026 - September, 2026

ISC Improvement Intern

- Mapped material allocation processes across 5 business units and 4 global regions, conducting 20+ stakeholder interviews and consolidating findings into a master process matrix to identify process-improvement opportunities.
- Standardized 3 years of multi-region customer survey data using Python ETL, developed Power BI dashboards for theme- and region-level analysis, and translated findings into recommendations for workflow digitization and process optimization.

IIRS-ISRO, Dehradun | May, 2025 - July, 2025

Data Analytics Summer Intern

- Analyzed 1,000+ hyperspectral datasets across 50+ spectral bands to identify spectral patterns and classify 10+ material types using remote-sensing and machine-learning techniques.
- Built and streamlined Python-based data-processing workflows, applying statistical and ML methods to convert high-dimensional geospatial data into structured insights for environmental analysis.

PROJECTS

Capstone | Reverse-Gated Hybrid LSTM Architecture for High-Frequency Volatility in Indian Stock Markets

- Developed a Reverse-Gated Hybrid LSTM volatility model combining GARCH-based volatility dynamics with deep learning to capture volatility persistence, regime shifts and asymmetric shocks.
- Analysed high-frequency NIFTY 50 data from Bloomberg Terminal across multiple time resolutions and benchmarked performance against ARCH, GARCH, EGARCH, GJR-GARCH and LSTM using MAE and RMSE.
- Achieved out-of-sample MAE/RMSE of 0.0121/0.0151 on tick data and 0.0057/0.0083 on 1-minute data, demonstrating improved forecasting performance across the tested frequencies.

Financial Lead | Project Parambh

- Built a 5-year integrated financial model for an upcycled PET filament venture, projecting ₹25L+ capital requirements, revenue scenarios and operating costs.
- Evaluated investment viability using WACC, NPV, 18%+ IRR and payback analysis, while assessing pricing, funding and scalability considerations.

Business Analyst | Nobelza – Market Entry Strategy

- Led market-entry analysis for a portable TB-testing solution, covering market sizing, competitive benchmarking and demand forecasting across target segments.
- Developed Excel-based financial and risk models for ₹5-10 Cr market opportunities, evaluating pricing and distribution strategies and identifying opportunities to improve deployment efficiency by ~20%.

Budgets and Macroeconomic Outcomes in India

- Analyzed 20+ years of macroeconomic data across GDP, inflation, fiscal deficit, capital expenditure and FDI, using 150+ economic indicators to examine fiscal policy and growth patterns.
- Built comparative Excel dashboards to analyze relationships between fiscal policy, economic growth and investment flows across different policy periods.

CERTIFICATIONS AND ACHIEVEMENTS

- Bloomberg Market Concepts
- Bloomberg Finance Fundamentals
- Bloomberg Spreadsheet Analysis
- Deep Learning with Power BI and NN
- Summer Analytics 2024 - IIT Guwahati
- Finalist– Action Plan 2023, IIT Bombay
- Finalist– E-Summit 2023, NIT Bhopal
- Senior Diploma in Kathak
- District-Level Badminton Player
- International English Olympiad (National level)

EXTRACURRICULAR & LEADERSHIP

- Co-Founder & Financial Lead–Project Parambh–Led financial planning, business analysis and investment evaluation for an upcycled PET filament venture.
- Project Co-Lead–Dow- Co-led project deliverables, coordinating stakeholder inputs and analytical work across functions.
- Arts & Sport–Senior Diploma in Kathak | District-Level Badminton Player | National-Level International English Olympiad Participant
